Sean, thanks for the numbers.

I am hoping that we can segue into implementation of river eutrophication standards. We have a draft abbreviated process that we might like to share via Adobe connect today. It needs minor revisions prior to emailing you a draft, but we are getting close.

Steve

Hi Steve,

We may have someone calling in, so please use this conference line.

877-226-9607, 982-614-3648

Do we need the Adobe connect or do you plan to just talk? If you do, just use the previous link as they are reusable and let me know.

Cheers,

Sean Ramach

Sounds like a plan. I will call you on your office line.

Cheers,

Sean Ramach

It looks like we are free from 11:30 to 1 (but need 30 min for lunch on either end) or at 3:30 on Tuesday. Monday and Wednesday after 12 are free right now.

Cheers,

Sean Ramach

Subject: discussions - implementation of eutrophication standards in MN

Sean, Pat, Kevin,

So, it occurred to me that we should plan our next meeting to discuss the implementation of eutrophication standards in MN. We are closer to having a draft document for review, but my experience is that there is value in discussing concepts even if the final product is not entirely ready.

Do you have any time available next Tuesday (10/28)?

Steve
